

JD INDUSTRIES

Mfrs. of Pharma, Bulk & Food Processing Equipments

AN ISO 9001 : 2015 CERTIFIED COMPANY

www.jdindustries.net

ABOUT US

JD Industries is having a 18yrs of experience in the field of PHARMA & BULK EQUIPMENTS , our company having a successful experience with new technologies, innovations, new idealization & implementation.

Our Company is equipped with high end infrastructure spread across 4000 sq.ft. of property includes sophisticated machineries, a state-of-the-art engineering and assembly department having a tool room section, a machining section, a drawing/designer's section, testing equipments.

“JD Industries” presents all Engineer Excellence for Innovation, by delivering optimum quality at best price. JD Industries manufactures different types of machines which include Pharma, Bulk, Cosmetic, Chemical, Agri and Aqua, Food Processing Machinery. The company is known for innovative manufacturer for processing system for drying, granulating, mixing, milling, size reducing, blending, coating, stirring & homogenizing units.

VISION: Our vision is to carve our self as one of the most dynamic and customer centric companies, where people can rely and discover all types of processing and Blending machineries. We endeavor to explore our efficiency in all ways to give the best products to our customers beyond their expectations in terms of wide range of selection, the lowest prices, prompt delivery and wonderful quality product experience to the buyers.

MISSION: Our each product is uniquely designed to meet our client's expectations. Our mission is very clear to serve customers by providing real essence of modern dynamics coupled with the advanced technology. We are continuously on the growth path to evaluate our machines.

MICRO PULVERISER

Micro Pulveriser is designed to meet the required fineness of powders as per required limitations in Pharmaceutical, Chemical and in every sector/ industries. The mill can be effectively used for pulverising soft and hard material to required fineness. The milling chamber is provided with replaceable multiple liner/serrations to achieve greater fineness of milled material.

APPLICATION

Micro Pulveriser machine is widely used for micro pulverisation in Pharmaceutical, Food, and chemical, Ayurveda ,Confectionery ,Spices milling and many more other industries.

OPTIONAL

- S.S.316 in place of S.S.304 contact parts, Various shapes of hammers, GMP model in place of standard model.
- Screw feeding system
- Flameproof electrical fittings
- Water jacketed model

SALIENT FEATURES

- Dynamically balanced rotor
- Special alloy steel hammers rotating at very high speeds
- Replaceable multiple deflector liner with innovative serrations for fine particle reduction
- Wide range of model to suit desired output
- Quickly & easily accessibility of chamber for cleaning and inspection

Technical Specifications

Model	JDI/MP-8X3	JDI/MP-12X6	JDI/MP-12X9
Capacity per hour	50-150 Kg	100-250 Kg	250-500 Kg
Rotor (RPM)	1480/5700/6720	1480/5700/6720	1480/5700/6720
Electrical Motor	3HP	7.5HP	10HP
Dimensions in mm	700 L x 900 W x 1650 H	750 L x 1150 W x 1700 H	950 L x 1250 W x 1750 H
Net Weight in Kg	70 (approx.)	120 (approx.)	140 (approx.)
Gross Weight in Kg	80 (approx.)	140 (approx.)	160 (approx.)
