

JD INDUSTRIES

Mfrs. of Pharma, Bulk & Food Processing Equipments

AN ISO 9001 : 2015 CERTIFIED COMPANY

www.jdindustries.net

ABOUT US

JD Industries is having a 18yrs of experience in the field of PHARMA & BULK EQUIPMENTS , our company having a successful experience with new technologies, innovations, new idealization & implementation.

Our Company is equipped with high end infrastructure spread across 4000 sq.ft. of property includes sophisticated machineries, a state-of-the-art engineering and assembly department having a tool room section, a machining section, a drawing/designer's section, testing equipments.

“JD Industries” presents all Engineer Excellence for Innovation, by delivering optimum quality at best price. JD Industries manufactures different types of machines which include Pharma, Bulk, Cosmetic, Chemical, Agri and Aqua, Food Processing Machinery. The company is known for innovative manufacturer for processing system for drying, granulating, mixing, milling, size reducing, blending, coating, stirring & homogenizing units.

VISION: Our vision is to carve our self as one of the most dynamic and customer centric companies, where people can rely and discover all types of processing and Blending machineries. We endeavor to explore our efficiency in all ways to give the best products to our customers beyond their expectations in terms of wide range of selection, the lowest prices, prompt delivery and wonderful quality product experience to the buyers.

MISSION: Our each product is uniquely designed to meet our client's expectations. Our mission is very clear to serve customers by providing real essence of modern dynamics coupled with the advanced technology. We are continuously on the growth path to evaluate our machines.

VIBRO SIFTER

Vibro Sifters are circular gyratory machine. Screens are used to separate mass composition of solids, liquid from solid and for gradation of materials as per particle sizes. Vibration is generated in three different planes along the vertical axis by means of a specially designed vibratory motor having off centered weights at the top and bottom end of the motor shaft. The angle of lead of the lower weight to the upper weight provides variable screening pattern & output.

APPLICATION: Vibro Sifters are widely used in all the industries where filtering is important, sifters are used in every application in process of Pharmaceuticals, Bulk Drugs, Ayurveda, cosmetic, spices, Nutraceuticals, Confectionary ...etc

SALIENT FEATURES

- Available in standard and cGMP models with contact parts in stainless steel 304 or 316 quality. Portable unit with higher output & Noiseless maintenance-free unit.
- Single, Double and Triple deck units with different screens can be provided for easy to Filter the material of desired product.
- Models Available in – 20", 30", 36", 48", 60" & 70"

OPTIONAL

- Inline loading/Milling process and transfer to bin/Blender by Vacuum transfer system.
- Double or triple deck sifting system

Technical Specifications

MODEL	JDI/VS-20"	JDI/VS -30"	JDI/VS -36"	JDI/VS -48"	JDI/VS -60"
Output- kg / hour	50 to 150	150 to 200	200 to 350	350 to 600	600 to 900
Screen Diameter- mm.	508	762	915	1220	1524
Charging height- mm.	1190	1190	1190	1330	1250
Discharging height- mm.	750	750	750	750	750
Electric Power hp/kw	0.25 / 0.37	0.5 / 0.37	0.5 / 0.37	1 / 0.75	1.5 / 1.5
